105/17 APPROVAL OF THE MINUTES OF THE ORDINARY MEETINGS HELD ON 13th NOVEMBER 2017.

It was PROPOSED and SECONDED to accept the minutes of the meeting held on 13th of November 2017.

106/17 MATTERS ARISING –

Cllr Luke raised queries regarding the following items from the Public Session:

- b) Mr Askew reported that the middle street light on the jitty between Longmoor Lane and Belmont was out. Also, one of the other lights is obscured by conifers. Clerk to report.
The clerk reported that the centre lamp had been fixed and that branches were removed in order for the work to be completed. Clerk written to the land owner regarding the overgrown hedge (15/11/17).
- f) Mr Askew enquired what the law was regarding the use of mobility scooters on the road, a local resident was often the cause of traffic build up by driving on the road on a scooter even though there is ample space to ride on the pavement– Mrs Fisher noted that the state of the pavements could make it difficult for users of the scooters to ride if there is a steep camber or lots of undulation. Cllr Rowlinson reported that a licence wasn't required to use a scooter, but some may need to be registered. There are 2 types of scooter Class 2 invalid scooters can't be used on the road they can reach a maximum speed of 4mph and don't need to be registered. Class 3 invalid scooters can reach 8mph and can be used on the road, class 3 carriages do need to be registered. Clerk to investigate further and pass information onto Mr Askew.
Clerk investigated information on the GOV website and wrote to Mr Askew on the 17.11.17.
- h) Mrs Fisher reported that the light on Rectory Road was still out and that the damage to the pavement was extremely difficult to traverse in the darkness caused by the broken light. The Clerk confirmed that both the light and the pavement had been reported. The street lighting team at DCC consists of 6 workers to cover the whole of Derbyshire – lights were only dealt with when there was a sufficient number to justify a visit to an area.
Mrs Fisher had been in correspondence with DCC and had cc'd the Clerk into the emails – responses had been received which were not very satisfactory and Mrs Fisher continues to correspond with officers at the County Council. Cllr Parkinson had made further enquiries with the team at DCC.

- I) Mrs Fisher enquired whether there was any news regarding the school holiday club. The Clerk confirmed that Cllr Miller was to ask at the next Governors meeting.
Cllr Miller had made enquiries at the last meeting of the Governors and the shortened provision of school club was due to a lack of finance at the school. Cllr Miller visited Mrs Fisher and reported back.

107/17 CORRESPONDENCE

The Countryside Voice magazine from the CPRE was available if anyone wishes to read it.

108/17 CLERK'S REPORT –

c) Perks Football Pitch Condition – following the report by Mrs Simpson at the Parish Council Meeting in November the pitch condition was investigated with the teams and Heaths chain harrowed the pitch on Friday the 24th of November. We've received a positive response of the work from BPF & Athletica and Cllr Mounsey had spoken to the Referee on the 3rd of December who reported that the pitch was improved. Clerk to write to the teams and request that any accidents or injuries or issues with the pitch be reported immediately to the Clerk.

3. **Cemetery Sign** – it was RESOLVED to note that the Clerk is investigating possible signs with various companies online. To report back to next meeting with results. Details of the current sign had been sent to companies and further measurements were now required. Clerk to organise asap.

4. Johnson's Meadow –

a) Payback work – it was RESOLVED to note that the work to the football pitch, ditch and hedge commenced on 17.11.17. Cllr Wigglesworth reported that the

football pitch had been mown and that the ditch had been cleared – brash had been left in a pile for wildlife purposes.

b) Tree on boundary - it was RESOLVED to note that a resident from Gregory Avenue reports that a large tree on the meadow is shadowing her garden quite badly and asks if anything can be done about it. Clerk thought that maybe the payback team could look at it but on inspection it's massive! Clerk has spoken to Grasstrack about it but they're not taking on any more tree work. On looking at the lease it's not clear who is responsible for the trees, the Clerk contacted Westerman/Clements Shelton and they confirmed that the Parish Council are indeed responsible for the trees. It was RESOLVED that the Clerk should arrange for Canopy Tree Services to inspect the trees on the meadow to ascertain if they were safe and report back to the next meeting.

5. Perks Picnic Benches – it was RESOLVED to note that the benches have been removed to the skip and the pavilion cleared by Mrs Davis, Cllr Mounsey, the Clerk & Mrs Birtles on 29.11.17.

6. Perks Recreation Ground – Play Equipment Improvement – it was RESOLVED to note that the Clerk awaits a response from Mrs Poland. Cllr Rowlinson reported that Mrs Poland had unfortunately had to resign from her position on the Community Forum due to time constraints. Clerk to contact Mrs Poland to ascertain the situation.

7. Cemetery -

a) Chapel Roof – it was RESOLVED to note the Clerk has procured quotes as follows:

All the contractors were asked to quote for the following work:

To take off and re-bed main ridge

Replace 30 number broken tiles

Patch pointing to front bonnet hips.

Gastro Holmes - £530.00 plus VAT

Simon Charlton - £1650.00 no vat

Stapleford Roofing £550.00 plus vat

It was RESOLVED to accept the Stapleford Roofing Quotation.

c) Box Hedges at the New Cemetery – it was RESOLVED to note that Grasstrack were to carry out the work on their hourly rate.

8. Tree Work – St Michael's – it was RESOLVED to note that the work is complete.

9. Duffield Close Paths – it was RESOLVED to note that the Clerk met with Mr Osborne 23.11.17. on inspecting the paths, it was thought that the wooden edges didn't need replacement and that the path should be scarified back to a level

and then resurfaced using Breedon wet roll. Patch repairs were discussed but dismissed as it was thought that it would be difficult to not leave "seams" between the sections patched and not patched and that the puddling wouldn't necessarily be solved. The surface needs raising to a "domed pitch" in order to let the water run-off onto the grass. Clerk to organise further two quotes for the work.

10.Perks Pavilion - Fire Alarm – Issues with the fire alarm have been investigated the insurance company report that if the system is not required by the fire officer then it is acceptable to remove it. The building control officer at EBC reports *"When the pavilion was built, building control would have consulted the fire officer, for the size of the building a full fire alarm system would not have been required, interlinked smoke detection in each changing area would be acceptable to give the early warning of a fire occurring."*

Since writing the agenda and reports the fire alarm had sounded again on the 3.12.17 when it was disabled on the main electricity board. On Monday the 4.12.17 the smoke alarms sounded all day – the Clerk and Caretaker were unable to make them stop! The Clerk met an electrician on site at 5pm on the 4th and he suggested that the smoke alarms be "hoovered out" and new batteries be installed. He thought that there would be a cost of £60.00 to remove the fire alarm element of the system and due to the issues, that were occurring the Clerk arranged for the work to be undertaken on the 12.12.17.

11. In Bloom –

a) Cemetery - Cllr Rowlinson had asked if the In-Bloom team can install bird boxes in the cemetery along with the previously agreed bat boxes. It was RESOLVED to go ahead with the proposal.

b) Jubilee Garden – a further request from the In-Bloom Group to install a compost bin at the rear of the Jubilee garden and some hedgehog houses had been received. It was RESOLVED to accept the proposal.

12. Dog Poo Bag Dispenser – it was RESOLVED not to investigate the installation of poo bag dispensers as circulated by Cllr Elliott.

13. For Information Only

a) Cllr Wigglesworth reported that Mrs Anderson from the Delicatessen had reported that the w.c.s on Blind Lane were not being opened on the weekends as a number of members of the public had asked to use the toilets in the Deli. EBC staff should open the public toilets on the weekend - Clerk to speak to Mrs Davis about the time the w.c.s are opened on a Saturday and Sunday.

Meeting Closed at 10.30am

Street lights had been reported on all day and not working on Poplar Road. An issue with a street lamp on the jitty between Wilsthorpe Road and Cherry Close had been reported to DCC. Cllr Wrigglesworth reported a further pothole on Stevens Lane adjacent to the Navigation, Clerk to report. A link to the Derbyshire Report it page to be added to the Parish website.

3. M1 Noise – it was RESOLVED to note that correspondence from Mr Morris was forwarded to the Smart Motorways team on 7.11.17. reply promising a response from the contractors received 30.11.17. Cllr Mounsey reported that the work on the motorway was ahead of schedule and that once the work was complete the section from junction 23 to 19 would be commenced.

4. Western Gateway Rejuvenation Project –

a) Bus Shelter – it was RESOLVED to note that the Clerk contacted C Pollard at EBC to request that the shelter be placed at the top of the list for 2018/19. D Bramwell responded that no shelters were to be fitted for the foreseeable future. Response from R Fryer, DCC 23.11.17 stating it would be a shame to not get the shelter after so much work had been carried out and asked that EBC go 50/50 in the new financial year. Await a response from C Pollard. Clerk to continue to chase.

5. Parking in the village:

a) Car Parking – it was RESOLVED to note that the committee have contacted various landowners and businesses in the village to investigate ways that their parking spaces could be opened to the public. Cllr Elliott had received a very disappointing email from the Chair of the Governors of Firfield Primary School. Cllr Elliott to send a response attempting to ascertain the level of commitment the school have to the proposals. The consultation questionnaire to remain on hold. The Clerk and Cllrs Toon, Parkinson and Wrigglesworth attended the Borough & Parish Liaison Forum at EBC on the 30.11.17 where Steve Birkinshaw, Head of Planning made a presentation on the matter. The strategic document (East Midlands HS2 Strategic Growth Strategy) is part of the consultation process for HS2 and is basically a wish list that various organisations had put together. There is no specific funding for the projects included in the document and EBC continue to attend and lobby for the best results for Erewash. Cllr Parkinson reported that the alterations suggested for junction 25 could be independently undertaken by Highways England irrespective of the HS2 proposals.

10. Dog Waste Bin Request – Mr Trueman of the Crescent reported that there were issues with dog walkers leaving bags of waste around the Crescent area – could a bin be installed. EBC provided costs for the installation of a bin and pointed out that all litter bins could be used for dog waste and that there was a bin close to the junction of the Crescent and Draycott Road that could be used by residents. Councillors RESOLVED that they could not justify the cost of the installation at this time. Clerk to ask EBC to ensure that the bins were all labelled with the dual use labels.

11. For Information Only

Parking on Risley Lane, the Crescent. It was RESOLVED to note that Karen Pykett had reported that there had been issues on the 25.11.17 with parking at the Soldiers and Sailors football site. No one was breaking the law but there were a large number of cars parked causing traffic issues. The Clerk had spoken to Catherine Birtles (ex-chairman BPF) and she reported that the football coaches had arranged too many matches for one day – they are a victim of their own success. Karen is to speak to the team about how best to deal with the issue when she comes on shift at the weekend.

Councillor Cockle reported that there had been similar traffic issues on Firfield Avenue on Monday morning (27.11.17) cars in complete gridlock with residents unable to exit the road due to the parents parking to attend the primary school. Cllr Cockle enquired if local residents could become “volunteer enforcement officers”. Clerk to make enquiries with EBC but thought it highly unlikely.

Disabled Access parking bay – the Green – Clerk to chase DCC regarding the repainting of the bay.

The Clerk had written to 29 businesses (as minuted 61/17 (3)) asking them to join in and light up their properties. As you will have seen the Chequers looks magnificent already and Alistair Dundas has put up some new lights on his shop. Isobel the Florist was also considering lighting up her shop on Draycott Road however none of the other businesses had responded it was therefore felt that the Community Forum suggestion of lighting the front of the church was the most feasible scheme.

It was RESOLVED to meet with the church to discuss finances etc and then proceed with the new Christmas lights for the 2018 Christmas season.

b) Floodlights

Following a report from the Church warden that the floodlights were tripping the electricity, the church organised with Breedon Electrical to inspect the lights and they were found to be faulty 2 suffering from water ingress the other one only working intermittently.
