MONDAY 9th OCTOBER 2017 AT THE PARISH COUNCIL MEETING ROOM, BLIND LANE,
BREASTON**

Present: Councillors Miller, Mounsey, Parkinson, Pepios, Elliott, Toon, McCaig,
Wigglesworth, Rowlinson & Cockle.
Councillor Miller in the Chair
5 members of the public (see attached sheet)
PCSO Karen Pykett
Sgt Damien Shannon

Councillor Miller welcomed everyone and thanked them for coming out on this dark night! He congratulated Katie and Duncan on their success in the In-Bloom Competition. The Silver award for the Breaston in Bloom group was then awarded to Cllr Rowlinson Well Done to all who entered.

POLICE SESSION

PCSO Pykett gave the report as follows:

Recorded crimes for Breaston:

10/09 – Belmont Service Station – Bilking – Filed Undetected. CCTV was obtained but unfortunately, the suspect was not identified.

30/09 – Wilsthorpe Road – Criminal damage to a vehicle as a result of a road rage incident. Currently under investigation.

Sgt Shannon reported that following the visit to the Parish Meeting in May by himself and Inspector Thompson. A letter had been sent to Derbyshire Constabulary complaining about their report at the meeting. Sgt Shannon wondered if the Parish Council had sanctioned the letter. It was agreed that no one knew anything about it before this evening's meeting. The letter reported that the area was a crime hotbed and that crime was rising – clearly looking at this month's figures this is not an accurate statement!!

Cllr Miller reported that the Parish Council appreciated the work that Karen does. Sgt Shannon once again reassured residents that the team are out and about in Breaston unfortunately, they may not be as visible as they have to travel about more frequently in vehicles rather than on foot, however this does not mean they are not in the area. He asked if anyone had any questions. Mrs Inight reported that she never saw Karen anymore and misses being able to ask her to come and look at issues as had happened in the past. PCSO Pykett reassured Mrs Inight that she could still get hold of her should she need to on 101 or by email and she will always try and respond as soon as possible when she is on shift.

Mrs Inight reported that when she walks her dog in the evenings there are large groups of young people often on bikes on Duffield Close gathered in the Sensory Garden making a lot of noise and leaving a lot of mess. The sheer number of them was intimidating. PCSO Pykett confirmed that she had visited a couple of days ago and spoken to the group of teenagers in question. Mr Clarke confirmed that the group were often on Duffield Close but weren't really causing a problem. He did wonder if it would help if the floodlight were turned off. Cllr Mounsey confirmed that this had indeed, been discussed but it was thought not to be the answer. The Clerk reported that she had arranged for the CCTV camera to be turned to directly show the whole

of the Sensory Garden because of the damage that had been sustained there recently. The larger bushes on the boundary of the garden would also be given a good prune in the coming weeks to enable clear vision into the garden.

PCSO Pykett reported that a large group were also gathered on Perks Recreation Ground to the rear of the Cavagna building. Cllr Mounsey confirmed that he and the Clerk had cleared a large amount of litter from the "Den" area to the rear of the factory and that some thinning of the shrubs and trees was considered necessary to open up the area to discourage the group from gathering there.

Cllr Cockle enquired what the Police thought about mosquito systems. Sgt Shannon reported that they were not considered a good idea as there had been a large number of problems with the systems.

Sgt Shannon concluded by saying that the world in changing and unfortunately the way that the Safer Neighbourhood Team patrolled had to change with the times. Whilst fewer officers were out walking the beat they were still patrolling the areas and reacting to issues as quickly as possible which had to be by car. PCSO Pykett has a large area to cover and it would not be possible to work effectively and efficiently on foot. The team were tasked with more and more different kinds of work which would be impossible to achieve if still walking the beat.

Cllr Elliott reported that there were issues on Duffield Close and Perks Recreation Ground in the evening that a visit from the police would help with. PCSO Pykett confirmed that when they patrol round they do get out of the car and walk round the areas where issues have been reported.

PCSO Pykett enquired whether a decision had been made regarding the issue of Restorative justice for the damage sustained to the Sensory Garden sign. The Clerk confirmed that the Parish Council had agreed that a letter of apology and payment for the damage was sufficient. Clerk to let PCSO Pykett have a price once received from the builders. Cllr Miller thanked Karen for her efforts to track down the culprit and confirmed that it was a good result.

PUBLIC SESSION

- a) Mrs Inight reported that DCC were confirmed to be making an extra £6m available for road repairs. Was there any chance that work could be carried out to repair the footpath in the jitty between Bourne Square and Meadow Close. The surface was very uneven and being lifted by tree roots. It was very difficult for anyone elderly or disabled to walk on. Cllr Parkinson to inspect the jitty and speak to the team at DCC. A skip should cost between £150 - £200, we do have other items that need to be tipped so it will kill several birds with the one stone.
