PCSO Pykett had not been able to send the details regarding results for the crimes but had requested that her colleague send the figures. Clerk to circulate information on receipt.

**PUBLIC SESSION**

- a) Mrs Fisher reported that she had attended the session held by the Police & Crime Commissioner in Breaston Green recently and was extremely dissatisfied with the results of the said meeting. She had consequently corresponded with the office of the PCC and her letter had been forwarded to the local Southern Division of Derbyshire Constabulary. Mrs Fisher had questioned the level of salaries on the office of the PCC. Also asked about control of local police officers the PCC reported that he had no control over the police. Mrs Fisher enquired what was the point of the office then? The visit came after a large number of vandalism incidents to bus shelters, In Bloom installations, for sale signs and private properties. Not one police officer was in attendance even when a call was made during the night regarding a gang of youths smashing glass in the centre of the village.  
Cllrs & the Clerk reiterated that residents must report all incidents and get a crime number if problems are not reported the police will never consider Breaston a high crime area.  
Mrs Fisher reported that residents didn't call crimes in because it was a complete waste of time. Mrs Fisher will keep the Parish Council up to date on any response she gets from the Area Division.

Residents were concerned that there was never a police presence at the Parish Council meetings.

**b)** Mrs Edgar representing the In - Bloom group informed the council of an application she has made to Derbyshire County Council for a cultivation licence to plant trees on the grass verges along Longmoor Lane. The County Council had informed Mrs Edgar that they were not able to take on the burden for the care and maintenance of the trees and that the In-Bloom group should ask the Parish Council to take on the responsibility (This information had already been circulated to councillors and discussed at the Highways & Lighting Committee on the 5<sup>th</sup> of September. The Parish Council had resolved that it was not able to take on responsibility for any further trees). Mrs Edgar was keen to understand the reasons the Parish Council had made this decision. Numerous reasons were given by members of the Council and following lengthy discussions it was agreed that Councillors would meet with Mrs Edgar to discuss the matter further. Clerk to organise a meeting in due course.

**c)** Mr Butler enquired why dog walkers were allowed to walk on West Park without the dogs on a lead but in Breaston there is a bye law on the open spaces which states that dogs must be kept on leads. Dog walkers have been stopped by dog wardens in recent weeks and a number of owners who did not have the dog on a lead were fined £100 by the wardens. It was pointed out that the parks have signs on all entrances reporting the bye law and that it is not likely to be revoked. Not all residents are dog lovers and the Parish Council must make its open spaces accessible and open to all. The Clerk confirmed that the Parish Caretaker remove dog waste from Duffield Close and Perks Recreation Ground regularly and that is why residents don't come across it so frequently. Johnson's Meadow was patrolled and litter picked monthly, so residents were likely to see more waste. Clerk to investigate with the team at EBC regarding the information relating to the Dog Wardens

In light of the information provided it was RESOLVED to put the subject on the back burner – if a new site could be found it would of course be investigated.

**10. Outdoor Film** – A proposal to investigate the possibility of running an outdoor cinema event on Duffield Close was made by Cllrs Wrigglesworth & McCaig. The lowest price option was £1400.00. The proposal was discussed at length and various issues were identified. The proposal was not dismissed completely but postponed until possibilities for funding sources could be investigated further.
